

Community Information Bulletin

2023-2024 Weather Related Bus Cancellations/System Closures

November 1, 2023

As we approach the winter months and the potential of weather-related bus cancellations and school closures, we provide the following information to DPCDSB families.

BUS CANCELLATIONS

During the winter months, inclement weather and/or poor road conditions may cause the disruption of bus transportation.

If buses are cancelled in a certain Weather Zone, schools in that Zone will remain open to students and staff.

There is no distribution of learning devices in anticipation of inclement weather-related bus cancellations.

While students unable to attend in person due to transportation cancellations are not required to access learning materials in the Learning Management System (LMS), they can if they choose to. Learning activities posted in the LMS specifically for inclement weather days provide opportunities for consolidation, curriculum enrichment or practice of skills already taught.

It is acknowledged that teachers will be supporting in-person students and therefore may have limited availability to support students who are not in attendance.

For students unable to attend in person, no remote access to the classroom will take place. Learning for students will be self-directed. Please be assured that teachers have been advised not to introduce new concepts on days on which buses have been cancelled. As always, parents/guardians can contact their child's teacher if they have any questions or require support using communication methods that have been established by the teacher.

Fully remote classes will continue as usual on bus cancellation days.

FULL SYSTEM CLOSURE

If there is a full system closure, where all DPCDSB schools and facilities are closed to students and staff, there is no switch to synchronous learning for the day.

Similar to bus cancellation days, students can access learning activities posted in the LMS specifically for inclement weather days that provide opportunities for consolidation, curriculum enrichment or practice of skills already taught. This also applies to students in remote-only classes.

As always, parents/guardians can contact their child's teacher if they have any questions or require support using communication methods that have been established by the teacher.

SCHOOL WEATHER ZONES

Peel Region Schools (Mississauga, Brampton, Caledon)

For student transportation purposes, schools located in Mississauga, Brampton and Caledon (Peel Region), which are served by Student Transportation of Peel Region (STOPR), are divided into three Weather Zones: **ZONE 1**, **ZONE 2** and **ZONE 3**.

See the [list of schools](#) located in each of the three Weather Zones and the [Weather Zone map](#) to find in which zone your school is located.

Dufferin County Schools (St. Andrew, St. Benedict, St. Peter Catholic Elementary Schools)

For student transportation purposes, DPCDSB's three schools located in Dufferin County (Orangeville), St. Andrew, St. Benedict, St. Peter Catholic Elementary Schools, are served by Service de Transport de Wellington-Dufferin Student Transportation Service (STWDSTS). Although R.F. Hall Catholic Secondary School is located in Peel Region, a significant segment of the school's student population is transported from Dufferin County by STWDSTS (**see below for more information about R.F. Hall**).

NOTES

- **All Robert F. Hall Catholic Secondary School student transportation is cancelled on days when buses are cancelled in either STOPR Zone 3 or in Dufferin County (STWDSTS).**
- **Families who reside outside of their school's Weather Zone** are encouraged to check the STOPR Weather Zone map to be aware of the Zone in which they reside. For families who reside outside their School's Weather Zone, please be aware that their child's transportation will be cancelled if student transportation is cancelled in either their school's Weather Zone or in the Zone in which they reside.
- Please visit the [STOPR website](#) for additional information related to Student Transportation in Peel Region schools, including STOPR's recent newsletter.

WHERE TO FIND OUT IF BUSES ARE CANCELLED OR THERE IS A FULL SYSTEM CLOSURE

Bus cancellations and school closure notices are posted by 6:00 a.m. or shortly afterwards in the following ways:
